

Cornell College
COLE LIBRARY

July 13, 2023

Dear Dave,

Cole Library serves both the population of Cornell College and the City of Mount Vernon. It is a collegiate library, as well as, a public library all in one.

We have used Sentry products for years as our form of security for our library materials, and we couldn't be happier with them. We have security gates at both library entrances, and BookWands which work to activate and deactivate the security strips in each item.

We appreciate your willingness to work with us. You find appropriate materials for our facility, along with affordable pricing.

We look forward to continuing to work with Sentry in providing security for our library collection.

Regards,

Kristin Reimann
Circulation Coordinator
